

# ORIGAMI MUSHROOM

**Step 1:** Start with a square origami paper, color side down.

---

**Step 2:** Make a fold along one diagonal axis.

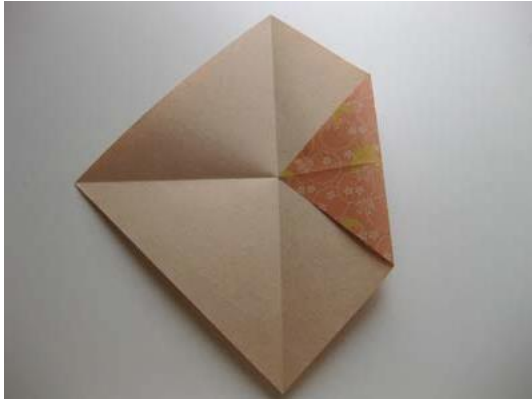

---

**Step 3:** Repeat along the other diagonal axis. Crease well and unfold.

**Step 4:** Fold the right tip in to meet the center.

---

**Step 5:** Fold the top tip in to meet the center.

---

**Step 6:** Fold the left tip in to meet the center.

**Step 7:** Fold the top half of the paper over the center crease.

---

**Step 8:** Flip the paper over.

---

**Step 9:** Fold the right side to meet the center crease. Make sure to crease well.

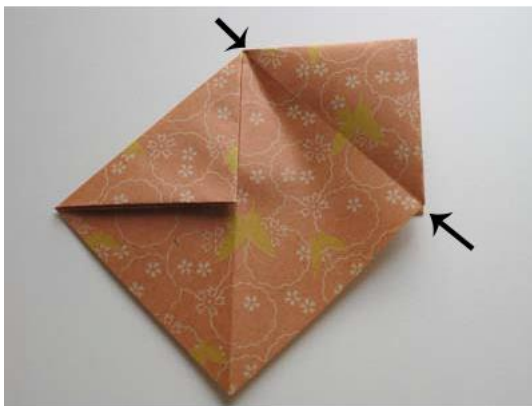

**Step 10:** Repeat with the left side.

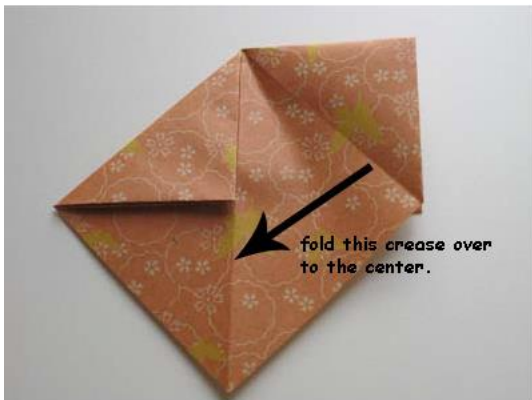

---

**Step 11:** Open the right flap and locate the crease you just made in the previous steps as indicated by the 2 arrows below:

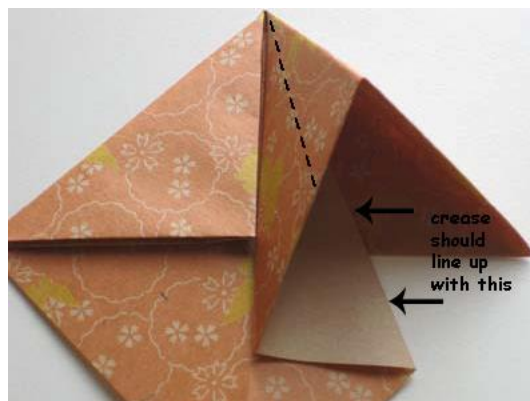

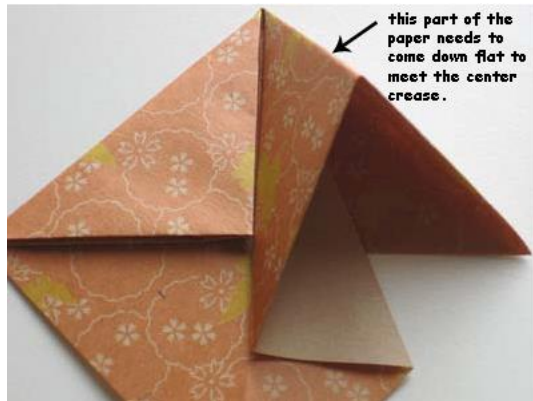

---

**Step 12:** We're going to fold that crease over to the center.

**Step 13:** Fold the tip of the paper down to meet the center crease. This crease should line up with the inside section of the paper. Make the crease, then fold the top down to meet the center as shown in the pictures below.

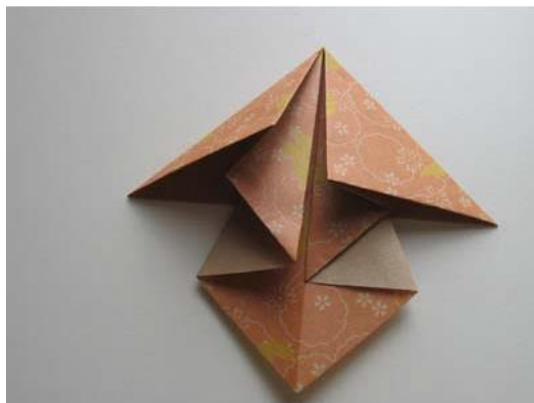

**Step 14:** Repeat this process on the left side. Open the left flap, then line the additional crease up with the inside section of the paper (as in Step 12).

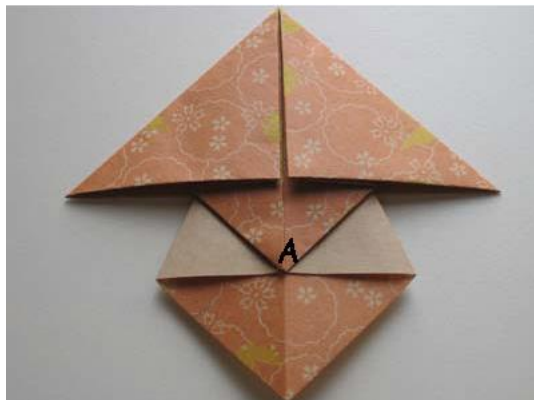

---

**Step 15:** Fold the tip down to meet the center (as in Step 13).

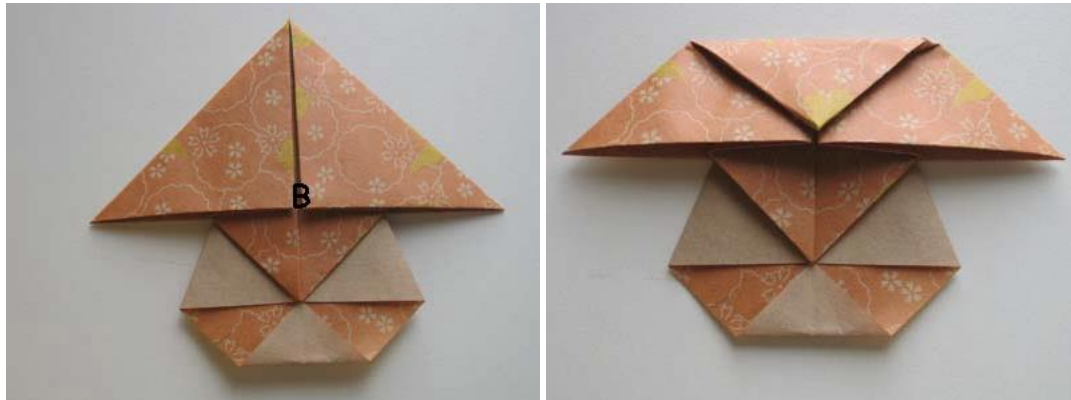

---

**Step 16:** Fold the bottom tip up to meet point A.

**Step 17:** Fold the top down to meet point B.

---

**Step 18:** Flip the paper over.

Your origami mushroom is complete! Ready to be chopped up and used in some stir-fry!
